

DR5000 series

DR 5021-25A

Features

- Hydraulic Rotary Joint
- With precisely polished seal sides and tolerance, it guarantees perfect sealing even at high pressure.

How to Order

DR50 21 - 10A

① ② ③

① Series

DR50	Hydraulic Rotary Joint
------	------------------------

② Head compartment & Connection type

21	Duplex with rotating internal pipe, Right-hand screw
----	---

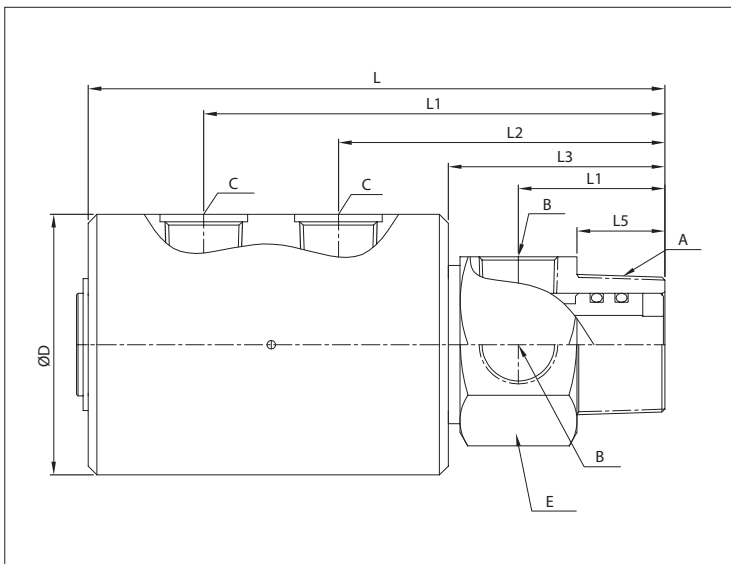

③ Shaft size

	R(PT)
25A	1
32A	1 1/4
40A	1 1/2

Specifications

Max. pressure	140kgf/cm ² G
Max. temperature	80℃
Max. rotation	250rpm
Fluid	Hydraulic oil
